

## RMSA Website

### EasySearch Help Page

The EasySearch box is located on the Domain Welcome Page, Domain Gateway page and the main site Home Zone page – see image below:

Access to EasySearch is also available from every main site page – see image below:

Using the EasySearch box you have three options: (1) Clicking Sitemap link to list all the domain site pages – see below: Click on the desired page title to open the page.

- [Domain Page](#)
  - [Home Zone](#)
    - [Website Information](#)
    - [WebMaster](#)
    - [Site Map](#)
    - [Online News](#)
    - [Online Music](#)

(2) You can enter a search term e.g. newsletter archive and hit GO, or (3) just hit GO to produce a search result – see below:

1. [RMSA Newsletter Archive](#)  
Level 3 Page - content level  
Content Version History About  
<http://www.baermsa.org.uk/>
2. [AREA 8 Newsletter Archive](#)

The search results page will open in a 'New Window' and when you click on one of the search result links, the selected page will open a second 'New Window' - to return to the search results, first close this second new window to return to the search results window and then close the search results window to return to your starting page.

With EasySearch you can find everything you want without any knowledge of the website domain structure.

EasySearch can be used exclusively for navigation or in conjunction with other search options.
